

PATIENCE MANIZABAYO

Environmental Planner

I am an environmentalist dedicated to integrating the principles of environmental planning and management with a keen focus on socio-economic considerations. My expertise lies in creating a harmonious balance between developmental needs and environmental sustainability accompanied with GIS-mapping. I am a dedicated and proactive motivated worker known for my strong work ethic, and adaptability. With good communication skills, I collaborate seamlessly within teams and excel in independent tasks. My consistent ability to meet deadlines showcases my time management and organizational abilities. I am a quick learner who embraces challenges, and my commitment to continuous improvement drives me to contribute effectively to any work environment.
